5) footrest A small strip of cloth glued to the floor to angle the box upwards when resting on a table.. I have once created an attachment based on the same principles, and I have to say that it is even better 390 times than I am.. I used a lamp base to clean the baskets 4) frame This is what holds the digital picture frame.. H3DView is good but does not support slides, JPSViewer supports slideshows, and it includes a free plug-in for Internet Explorer better than DepthCharge.. Sorry for how long and maybe uninteresting and repetitive this will be) Also for those who are interested in just writing stereoscopic photography, the Nishika camera is a great way to go.
