This affects all players, so even those off the ball may have collisions The Impact Engine has been cited as a game changer, making FIFA 12 less structured and synthetic than its predecessors, and has been described by producer David Rutter as the biggest technological change to the series since the transition to the current generation of consoles.. The Impact Engine also directly affects injuries sustained by players during a match.. It included four monthly Ultimate Team gold packs, with each pack containing 12 items, including players, contracts, stadiums, managers, staff, fitness, healing, footballs, kits and badges.
